Customer Testimonials

H&Y Fence demonstrated exceptional professionalism throughout our project. Their pricing was excellent, offering a competitive rate without compromising quality.

-Katie

See what our Customers have to say.

One of the most professional group of people we have ever dealt with!

Being involved in Real estate for more than 40+ years that's saying something. The installation crew was fantastic along with the girls in the front office. We would highly recommend them for your fencing needs.

-Dan

Your Fence Experts for over 50 years!

Storm Resistant Add on

Living in a hurricane zone can be scary and frustrating. Preparing your home for the storm season is crucial. One essential aspect of hurricane-proofing your property is installing a durable and reliable fence that can withstand high winds and heavy rains. That's where H&Y Fence aluminum stiffeners inserts come in – they are the perfect solution for homeowners in hurricane-prone areas. There is no such thing as a “hurricane-proof” fence, however, our aluminum insert Add-on is resilient in the face of high winds and has a very high probability of staying upright through the most violent storms and hurricanes. Considering aluminum post inserts for each of your fence post gives you more peace of mind when a storm is threatening. Call us for more details and so many more storm resistant options.

**OVER 15
COLOR**
choices to
choose from

Pre-Stain for wood fences is only available to brand new wood projects (before installation). This is due to the fact that each board is fully submerged in the stain, then expertly dried in a climate-controlled environment for maximum quality control and the ultimate protection for your wood fence.

Pre-Staining is the perfect solution for protecting your Wood Fence without having to mask off your house & landscaping.

☒ **Aluminum fencing** is attractive, strong, great value and customizable to your family's individual needs. Aluminum fencing has a number of advantages that make it an excellent choice for both homeowners and business owners

☒ **Vinyl fencing** provides protection, privacy, beautiful designs & color choices, longevity, and low-maintenance features. These are the reasons why many people choose vinyl fencing installations.

☒ **Wood fencing** is popular among property owners because of its customization ability in design, lower cost and versatility in function. Are you looking for a stylish, economical solution to increase the value of your property? You can't go wrong with a sturdy cedar wood fence.

☒ **Mixed Material Fence with Vinyl and Aluminum**
The Best of Both Worlds! Our Mixed Material Fence with vinyl and aluminum is made of strong aluminum framing and posts with UV-durable vinyl.

☒ **Chain Link Fencing** is great for commercial spaces & sports facilities. It is also a cost effective option for pet containment in back yards.

Material Sales

At H&Y Fence, we offer a wide selection of top-quality fence materials designed to meet your DIY needs. Whether you're looking to enhance your property's value, add privacy or boost its curb appeal, we have the right solution for you.
